Bahru Stainless is pleased to inform that we are the first factory in Acerinox Group which successfully certified for Occupational Safety and Health (OS&H) Management System, ISO 45001:2018. After going auditing process from DQS certification body, we success in all aspects and received the official ISO 45001:2018 certificate on 11 April 2019. ISO 45001 enables Bahru Stainless to proactively improve our OH&S performance in preventing injury and ill-health. Bahru staffs are committed in implementing this new ISO 45001 as a part of Bahru culture.
